SOLAR KUB

A luminous cube

The LED integration allows the table to light according to a user defined program

Control by an Application smartphone : Timer ON-OFF – Color – Intensity degree

SOLAR KUB

Created for outdoor relaxation areas
Pools, terraces, beaches, mountains ...

The background of the entire page is a light gray gradient with several realistic water droplets of various sizes scattered across it. The droplets have highlights and shadows, giving them a three-dimensional appearance. A solid green horizontal bar is located at the bottom of the page.

SOLARKUB

RAJOS
KUB

The first child of a future family
A small outdoor table with simple geometric shapes
ULTRA RESISTANT a cube as it looks!

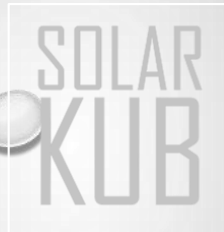

A renewable ENERGY
A USEFUL volume turns out to be a lifesaver for those hours

An object that likes to surround TRANSAT, Chile, rocking chair and other seating as they
bask in the sun structure

A play of light that wants to play well

A sense of welcome WITH OR WITHOUT CABLE

A creation in the service of whoever wants to acquire the property, there will your
colors and will fit all your moods
